

**US RUBBER RECYCLING INC.**

**SPORT FLOORING-BUILDING REQUIREMENTS-FOR INSTALLATION:**

By signing this Quote/Purchase Order, you (Buyer) acknowledge that you have reviewed and agree to the requirements as set forth in our website ([www.usrubber.com](http://www.usrubber.com)) (“Sport Flooring-Building Requirements-For Installation”).

These requirements apply to all U.S. Rubber Recycling Sport Floor products that will be installed in an environmentally controlled building, with lighting and power, and that the subfloor is clean, dry, and level. Also, addressed are freight handling capabilities, product storage, building access, foot-traffic, add-ons, work hours etc.

**INSTALLATION SCHEDULING:**

We at US Rubber understand the scheduling difficulties you face especially for a new building and we will do all we can to accommodate your reasonable needs. However, you acknowledge and agree that our installers cannot install our products unless the above requirements are met. Further, sometimes, because of distance, we will on occasion, have our installers fly to your location. For this reason, you must give us Notice as soon as possible if you will not be able to meet a scheduled installation date and time. You will be charged a “trip fee” if installers show up and cannot install because the above requirements are not met in whole or part. This fee shall be computed as \$0.50 cents per mile if installers drive (round-trip) and ticket price or ticket cancellation costs if airline tickets must be canceled and a fee is incurred, or motel accommodations for the installation crew if only a short delay is required. You will be required to remit this fee before installation commences.

**INSTALLATION COMPLETION:**

Upon proper completion of your installation by our professional and factory-trained installers you will be asked to sign an “Installation Completion” document which you agree to reasonably do in a timely fashion. This is required for US Rubber to know that you are satisfied with the installation and so that we can remit final payment to our installers.
