# Capability Statement

### Core Competency

- ClearSight® Rolled Vegetation Control Matting is the ideal roadside management treatment to prevent vegetation growth under and around guardrails, signposts and fencing.

### Past Performance

- Caltrans 10-1G7504
- Caltrans 07-302504
- Caltrans 07-319904
- Security Paving
- Coral Construction
- Riverside Construction Company
- Highway Specialty
- Hazard Construction
- Apex Fence Company

### Differentiators

- Installs twice as fast as mats with less laborers
- Standard roll lengths are 200 linear feet
- Custom roll lengths are always available
- Reduces herbicide use and labor costs to maintain median landscaping
- All crumb used in production is post-consumer waste (discarded truck tires) that is diverted from California landfills by California rubber granulators
- Second chance employer. Approximately half of U.S. Rubber employees are formerly incarcerated individuals that now live productive, crime free lives
