Capability Statement

Core Competency

ClearSight™ Rolled Vegetation Control is the ideal roadside management treatment to prevent vegetation growth under and around guardrails, signposts, and fencing.

Past Performance

- Caltrans 10-1G7504
- Caltrans 07-302504
- Caltrans 07-319904
- Security Paving Company, Inc.
- Riverside Construction Company, Inc.
- Coral Construction Company
- Highway Specialty Company
- Hazard Construction Company
- Midstate Barrier, Inc.
- AM Concrete Inc.

Differentiators

- Installs twice as fast as mats with less laborers
- Cost effective alternative to light concrete
- Standard roll lengths are 200 linear feet
- Custom roll lengths are always available
- Reduces herbicide use and labor costs to maintain median landscaping
- All crumb used in production is post-consumer waste (discarded truck tires) that is diverted from California landfills by California rubber granulators
- Second chance employer. Approximately half of U.S. Rubber employees are formerly incarcerated individuals that now live productive, crime free lives
